Prices include sales tax

Items are prepared in facilities that process nuts and peanuts.

*The Washoe County District Health Department advises that eating raw, undercooked animal foods, or animal foods that are not otherwise processed to eliminate pathogens (such as meat, poultry, eggs, milk, seafood or shellfish) poses a potential health risk to everyone, especially the elderly, young children under the age of 4 years, pregnant women, and other highly susceptible individuals with compromised immune systems. Thorough cooking or processing of food to eliminate pathogens reduces the risk of illness.
